

FEATURES

- Lightweight rigid helix construction
- Kink Resistant
- Abrasion resistant polyurethane coating
- Color: red
- Available lengths to 200'
- Diameter: 1"

BOOSTEX

LIGHTWEIGHT PU LINED BOOSTER HOSE

DESIGNED FOR SKID UNITS AND MOST FORESTRY APPLICATIONS

- 1 year warranty against manufacturers defects
- UL abrasion test of 10,000 cycles minimum
- Working pressure of 300 psi
- Proof test to 600 psi
- Minimum Burst pressure of 900 psi
- Pliable and abrasion resistant cover
- Normal service conditions in temperature range from -65°F to 112°F
